

RCPJ makes the Year of the Horse more memorable

Nation

KUALA LUMPUR (Jan 28): Three hundred and thirty children from SRJK (Cina) Chung Hwa celebrated the year of the horse with the Rotary Club of Petaling Jaya (RCPJ) today. This school only encompasses a handful number of students and is focused at only primary education. The Principal, Madam Low Sau Kin expressed absolute appreciation towards RCPJ for having sponsored therapeutic items for the school's special class which consists of some forty down syndrome students. RCPJ President H.S.Dharan said that these items were meant to develop the student's motor skills which are imperative in managing daily lives. He further added that the club may also look into other aspects of need if possible to improve the teaching quality or environment for these students. Most of the students were from rural areas. Hampers and goodies were also distributed to the underprivileged children.

The children showed off their talent at performances as a thank you to the club's generosity. Some of the performances involved singing, piano and violin recital by down syndrome siblings and a tricycle performance by the tricycle team. To add more flavour to the event, mandarin oranges were distributed alongside the traditional Lion Dance performed by a renowned group.
